

Mazda3

...dynamic & distinctive

Refined and responsive
Pure driving pleasure awaits you behind the wheel of the Mazda3. You'll relish the smooth, stable drive delivered by its body rigidity, refined front and rear suspension and superb aerodynamics. However hard you drive it, the Mazda3 stays glued to the road.

Great residual costs?

Beauty's more than skin deep. Alloy wheels and climate control air conditioning, available on TS models upwards, don't just look and feel great. They're only a few of the many features that, combined with our robust performance and reliable service, mean the Mazda3 maintains a great residual value.

And anything else?

The Mazda3 benefits from a comprehensive range of active and passive safety systems, developed to protect you and those around you. Key features include driver and front passenger airbags, side airbags, a reinforced rear seat frame and a collapsible steering column. In addition, ISOFIX anchors are fitted in both sides of the rear seat so you can swiftly and securely install child seats, giving you unmatched peace of mind.
